

Loggers mounts

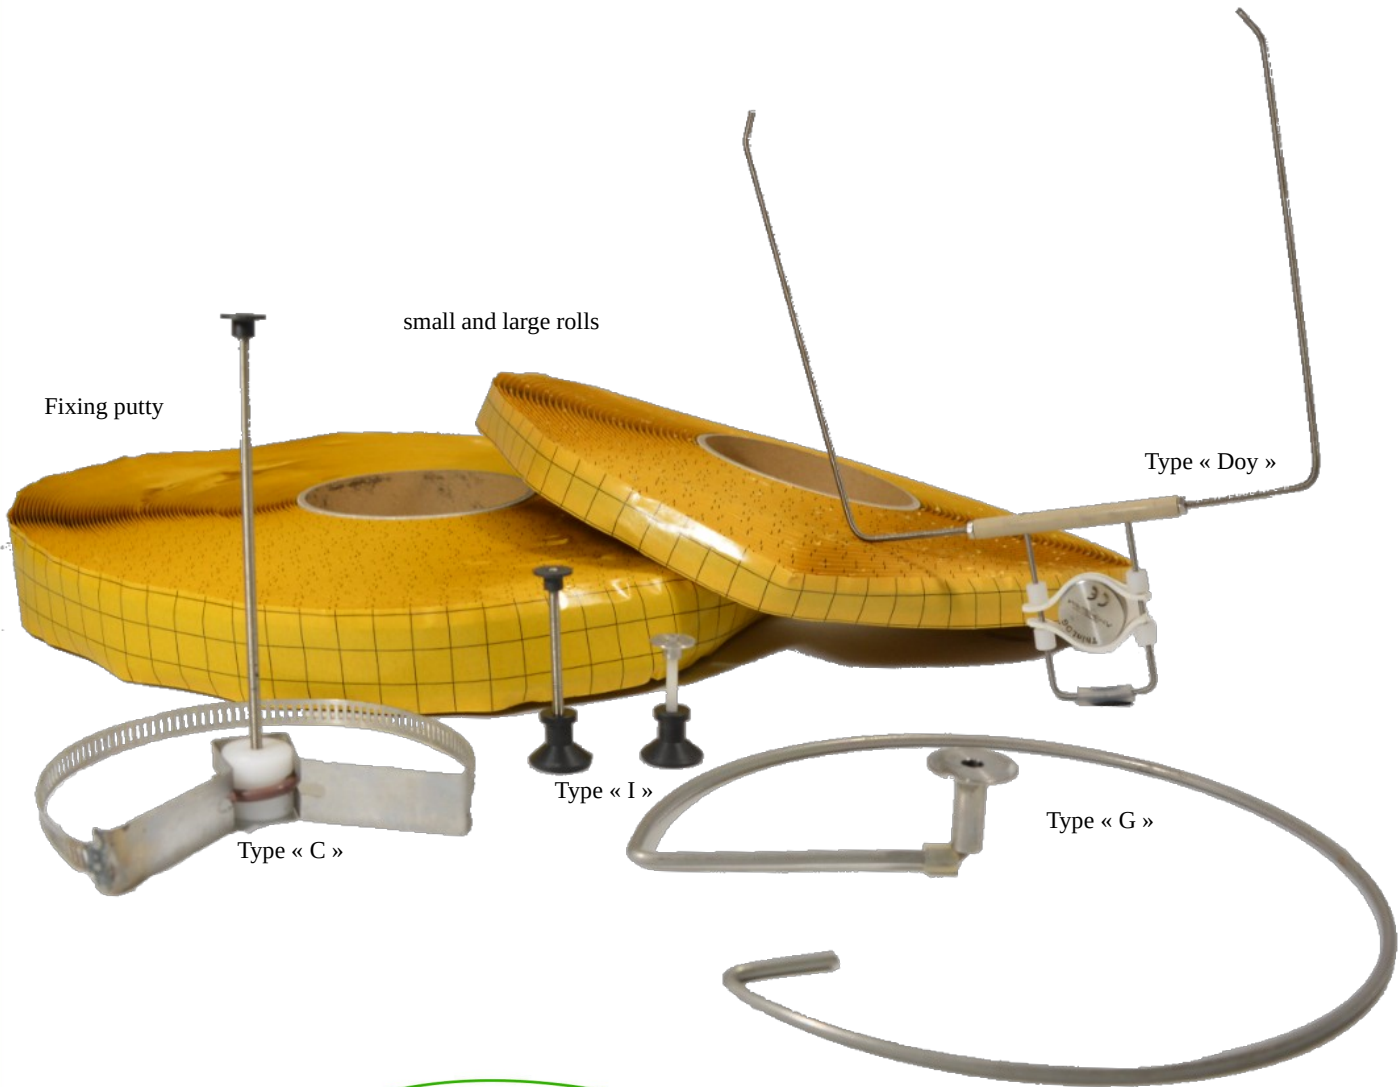

Ensure repeatability of your measurements

Simple fixing for reproducible positioning

Remains at cold spot even if packaging deforms

Accepts all AXITHERM loggers

°C
°F
bar
psi

Loggers mounts

Ensure repeatability of your measurements

Particularities

- Excellent** quality / price ratio
- Fully** maintenance free
- A simplified range** to cover a wide application scope

Applications

- With temperature data logger** ⇒ cold spot search
⇒ F0/ PU calculation
- With pressure data logger** ⇒ reproducibility of the measurement
⇒ limitation of thermal shocks
- All packaging** materials and geometries

Features

- Respects** the natural heat transfer of the product
- 4 standards** that meet all your needs:
 - ⇒ « I » mount, straight and height adjustable (bottle, jar, beverage can)
 - ⇒ self centering type « G » for metal can (moulded or not)
 - ⇒ self centering type « C » for pot, bowl plate and plastic cup
 - ⇒ « Doy » mount for pouch and Doypack®
- 3 FDA approved materials:** stainless steel, silicone or high temperature polymer
- Reusable**, adjustable, resistant, microwaveable (polymer only)
